Dear Gov. Cooper,

Thank you so much for the leadership and courage to delay construction of the Atlantic Coast Pipeline. Each delay gives hope to those who realize this pipeline will bring harm to our state. The Clean Path 2025, proposed by NCWARN, will not only help to prevent increased rate hikes by Duke Energy, but move us toward a clean, stable energy future. We appreciate the challenges you face as governor of a state with a backward agenda. We wish you every success in bringing North Carolina back to its senses.

Thank you,
PatMoore
